

Empire Zoysia Grass

Premium Turf for South East Queensland | Albert Valley Turf

Benefits at a Glance

- Rich dark green colour and soft underfoot feel
- Medium-fine leaf with early spring green-up
- Thrives in sun or part-shade (medium shade tolerance)
- Naturally low seed head production - ideal for allergy-prone households
- Excellent wear and salt tolerance - perfect for families and pets

Performance Features

- High drought tolerance - survives with minimal watering
- Withstands heat, humidity, and mild cold
- Grows well across SE QLD and Northern NSW
- Naturally resistant to most pests and diseases

Environmental Advantages

- Requires less mowing than other varieties
- Reduced need for fertiliser, herbicide and insecticide
- Low water usage helps conserve natural resources

Mowing & Maintenance Guide

- Less frequent mowing
- Reduced clippings and green waste
- A neater appearance for longer between cuts

Perfect for SE QLD Conditions

Empire Zoysia is the ideal lawn choice for home owners, schools, developers and landscapers in the Scenic Rim and surrounding regions.

It combines beauty with resilience - a reliable, low-maintenance turf that looks great all year round.
